

December 11, 2020

Following recent information from Division Office and the government of Alberta, we would like to provide all parents with an update on student learning for the week of January 4-8, 2021:

- Schools will be open but no students will be present for in-person learning. Students in the EXCEL program who cannot be supported virtually for the week of Jan 4-8 can attend school.
- Grade K to 6 teachers will prepare paper packages of materials with a focus on literacy and numeracy to send home with students prior to the break. Families are able to choose what they wish to complete in the package.
- There will be no need to loan out Chromebooks and attendance will not be taken. Teachers will make arrangements to be available to connect with students via Google or telephone, at various “check in” points in the week, whichever is convenient for families.
- For those parents who would like a schedule, below is a **suggested** schedule including a time when your child’s teacher will be available. However, if another time is more convenient for you, please contact your child’s teacher and make arrangements.
