

May 10, 2021

Hello everyone.

We have learned that two other people connected to our school have tested positive for COVID-19.

This is a good reminder that the virus is still present in our community and still impacting our school families.

We encourage you to keep an eye on your children and arrange for testing if they develop any symptoms. Here is a link to the daily checklist, which can help you determine what to do: <https://www.brsd.ab.ca/download/287801> You can also contact HealthLink at 811 for advice.

If your child does test positive, please contact our school principal, Mrs. Lazaruik (zlazaruik@brsd.ab.ca) to let us know.

Thank you. Stay well!

Zenovia Lazaruik, Principal

Todd Sikorski, Assistant Principal
