FOCUS ON LEARNING

- We work together as a team to establish high standards and school-wide expectations so that we can support optimum learning for all students.

CLEARLY DEFINE WHAT EVERY STUDENT NEEDS TO LEARN

- We clearly communicate the essential learning outcomes for student success so that our students can have a positive and supportive learning environment.

CONSTANTLY MEASURE OUR EFFECTIVENESS

- We use our collaborative time to assess student learning, to share professional strategies and to plan interventions so that we can support students in their academic, social and emotional growth.

COLLABORATIVE CULTURE

- We collaborate with each other using open, honest and respectful communication that is timely and focused on solutions so that we can build a stronger school community.
- We are comfortable with taking risks so that we continue to grow and learn.

SYSTEMIC RESPONSE TO WHEN STUDENTS DO AND DO NOT LEARN

- We adapt and differentiate our instruction so that we can ensure students get the learning they need.
- We contribute to a culture of celebration, acknowledging the efforts and achievements of our students and colleagues so that we can share each other's success.
